CONTINUING EDUCATION
OLD DOMINION UNIVERSITY

September 4, 2026

To NCIS Honors Internship Program Reviewers:

I am writing this letter on behalf of Ms. Briannah Greene. During the summer of 2026, I had the privilege of serving as Ms. Greene's instructor in a writing-intensive undergraduate Interdisciplinary Studies course (IDS 300W) at Old Dominion University. Ms. Greene was an excellent student, performing well in each of the course's assessments. Briannah also supported her classmates by providing them with frequent feedback and encouragement throughout her time in my course.

Briannah has been a dedicated technologist, leader, and innovator since her time in high school when she served as President of the CyberPatriot Team. Since then, Briannah has founded a multimedia company, led research and development efforts for multiple organizations, and earned scholarships and accolades for her academic achievement at San Diego State University and Old Dominion University.

In my opinion, Ms. Greene fully meets the criteria for the NCIS Honors Internship Program. I highly recommend Ms. Briannah Greene for your consideration with no reservations. Should you encounter questions or desire additional information about Ms. Greene, please contact me at 757-683-5654 at any time. Thank you for your consideration!

Sincerely,

Peter B. Baker, Ph.D.
Lecturer, Continuing Education/Arts & Letters
